Factory Direct Custom Sauna Planner

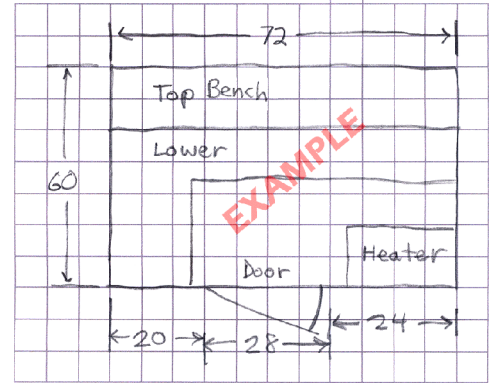

Floor plan sketch directions:

If framed walls are not built yet then show dimensions of desired finished sauna size. (OR) For existing wall structure, measure stud to stud dimensions only.

Please Include:

- Measurements on both sides of door
- Show door swing direction (door can't swing into sauna)
- You may draw desired bench & heater locations which a Design Consultant will review for you
- Note desired bench widths and up to 3 tiers

Our expert design consulting is available to assist in creating the sauna for your needs and budget. Usual lead time for delivery is 2-4 weeks.

T&G sauna paneling is 3/4" thick
